

The Business Man and the Business Maid

—the worker of sturdy appetite, the school boy, the school girl, the busy housewife should know the goodness of bread made with

Marvel Flour

It adds a new significance to breakfast—lunch—dinner—a new delight to every meal.

There are many forms in which wheat may be eaten, but none so nutritious, so palatable, so beneficial, so hunger satisfying as good bread.

The thought of good bread makes one hungry—creates appetite—an almost irresistible desire for a slice of delicious home-made bread, such as "Mother used to make." With the aid of Marvel Flour home-made bread is the best bread.

NO EVIDENCE OF GRAFT.

Illinois Central Chief Denies Story of \$5,000,000 Steal.

Chicago, Ill., March 11.—President J. T. Harahan and other officials of the Illinois Central railroad today strenuously denied that any evidence of \$5,000,000 graft had been uncovered on that road in connection with the repair of cars and equipment. That there had been an investigation with respect to the business which had been given to the Oostermann Manufacturing company, which is located on the Illinois Central tracks at West Pullman, was freely admitted. "The investigation came about in this manner," explained Mr. Harahan "and did not result in the discovery

of anything that was wrong. When we read in the papers that Mr. Oostermann, formerly head of the Oostermann Manufacturing company, was burning up \$500 bills and saying something about it being railroad money, we naturally wanted to assure ourselves."

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

Baby's coming will be a time of rejoicing, and not of apprehension and fear, if Mother's Friend is used by the expectant mother in preparation of the event. This is not a medicine to be taken internally, but a liniment to be applied to the body, to assist nature in the necessary physical changes of the system. Mother's Friend is composed of oils and medicines which prepare the muscles and tendons for the unusual strain, render the ligaments supple and elastic, aids in the expanding of the skin and flesh fibres, and strengthens all the membranes and tissues. It lessens the pain and danger at the crisis, and assures future health to the mother. Mother's Friend is sold at drug stores. 1500 MEN OUT
IN PAPER STRIKE

FOUR HUNDRED QUIT AT FORT EDWARD MILLS.

Three Companies on Guard at Corinth, N. Y.—Provisions and Bedding Taken.

TROOPS ARE ORDERED OUT.

Corinth, N. Y., March 11.—The strike of the paper makers and sulphite workers has now spread to five mills of the International Paper company. Four hundred men quit work at Fort Edwards Mills, making 1,500 men out at Glens Falls, Niagara Falls, Fort Edward and Corinth.

Three companies of militia were ordered to active duty today. No attempt was made to molest the troops. Provisions and bedding are coming into the mills as for a siege; 300 strikebreakers are massed at Saratoga for convenient distribution, and it is believed that the company will soon try to resume operations with non-union men. Although the presence of the soldiers restored order, there is bitter feeling among the strikers. Nine strikebreakers, charged with carrying concealed weapons, were deported today by the village officers.

The clergymen today told the strikers that they had received letters from the International Paper company authorizing an offer to the men of six working days a week, instead of seven, if the men would return to work. The men took no action on the offer. They ask recognition of the union, a ten per cent advance and no Sunday work.

The Road to Success.

has many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run-down or sickly. Only 50c. Guaranteed by all druggists.

THE SCALE COMMITTEE.

Appointed By Miners and Operators Wrestling With Wage.

Cincinnati, March 11.—The question of a wage scale that has confronted the miners and operators of the central competitive field was placed in the hands of a scale committee. This body consists of four miners and four operators from each state, Ohio, Indiana and western Pennsylvania. The conference adjourned subject to the call of Chairman J. C. Kooser, of Indianapolis. Tomorrow the meetings of the scale committee will begin. The demands that go before the committee are: An increase of 10 cents on a basis rate of 90 cents a ton for pick work, half holidays on Saturday and an eight hour day.

ITCHING OF SCALP
INTOLERABLE

Nearly Wild with Painful, Burning Eruption—Half Her Hair Fell Out and Combing It Was Torture—Feared She Would Be Bald.

IN DESPAIR UNTIL CURED BY CUTICURA

"Just about two years ago, some form of humor appeared on my scalp. The beginning was a slight itching but it grew steadily worse until, when I combed my hair, the scalp became raw and the ends of the comb-teeth would be wet with blood. Most of the time there was an intolerable itching, in a painful, burning way, very much as a bad, raw burn, if deep, will itch and smart when first beginning to heal. Combing my hair was positive torture. My hair was long and tangled terribly because of the blood and scabs. This continued growing worse and over half my hair fell out. I was in despair, really afraid of becoming totally bald.

"Sometimes the pain was so great that, when partially awake, I would scratch the worst places so that my fingertips would be bloody. I could not sleep well and, after being asleep a short time, that awful stinging pain would commence and then I would wake up nearly wild with the torture. A neighbor said it must be salt rheum. Having used Cuticurea Soap merely as a toilet soap before, I now decided to order a set of the Cuticurea Remedies—Cuticurea Soap, Ointment and Pills. I used them according to directions for perhaps six weeks, then left off, as the disease seemed to be eradicated. But toward spring, eighteen months ago, there was a slight return of the scalp humor. I commenced the Cuticurea treatment at once, so had very little trouble. On my scalp I used about one half a cake of Cuticurea Soap and half a box of Cuticurea Ointment in all. The first time I took six or seven bottles of Cuticurea Pills and the last time three bottles—neither an expensive or tedious treatment. Since then I have had no scalp trouble of any kind. Standing up, with my hair unbound, it comes to my knees and had it not been for Cuticurea I should doubtless be wholly bald.

"This is a voluntary, unsolicited testimonial and I take pleasure in writing it, hoping my experience may help someone else. Miss Lillian Brown, R. F. D. 1, Liberty, Mo., Oct. 29, 1909."

Cuticurea Remedies are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. 67 Maline 7766. Cuticurea Soap on the skin.

THIRD
OPERATION
PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—Mrs. ALVINA SPELINO, 1408 Clybourne Ave., Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down, feeling of fullness, indigestion, dizziness, or nervous prostration. Why don't you try it?

WILL FIGHT

WOODRUFF UNWILLING TO TAMELY SUBMIT.

Battle For Control Is On In New York.—How the Candidates Stand.

Albany, N. Y., March 11.—Timothy I. Woodruff, chairman of the Republican state committee, arrived here last night and took charge of the fight against the efforts of United States Senator Root to whip the Republican senators into line and the election of Root's candidate for senate majority leader.

The hasty journey of the state chairman to Albany proved that the Republican organization has a real battle on hand, and judging from the defiant attitude of his adherents, those who stand ready to obey the wishes of Root and Gov. Hughes will have difficulty in electing Senator Harvey D. Hinman, of Binghamton, president pro tem, at the Republican caucus scheduled for tonight.

Mr. Woodruff attended Senator Platt's funeral at Owego today and came from there with William Barnes, Jr., Republican state committeeman from Albany county and one of the governor's most consistent opponents. The situation last night resolved itself into Woodruff and Barnes, with such of the old party leaders as still control their own counties, against Root and Hughes backed by the administration at Washington. Woodruff disappeared, refusing to make a statement, but it is assumed that he will not surrender, at least until after he has canvassed the situation in the senate and found to a man just where he stands.

Senator Cobb, of Watertown, whose selection as majority leader seemed certain until Root publicly advocated Hinman, insisted last night that he was still in the fight. Indications last night were that no candidate would have enough votes in the conference tomorrow night to assure election and that the conference might adjourn again without naming a new leader.

According to the claims of the three camps, the Republican senators now stand as follows: For Cobb, 16 for Hinman, 13; for Davis, 4; doubtful, 1. Necessary to elect 17.

The Republican situation in the last 24 hours has undergone so swift a change that the most experienced politicians confess themselves at sea. If a majority of the Republican senators openly defy Root it is evident that the party will face a split of unprecedented dimensions. Cobb's friends last night declare that Root was misled and that he never would have tried to assert his authority so publicly unless he had believed that a word from him would settle the situation. "They gold-bricked him, that's all," said one of the reconcilers.

"If Root's leadership is disowned, some Republicans declared last night that nothing but the return of Theodore Roosevelt could cement the party in time to present an unbroken front to the enemy at next state election. The present disagreement is the first test of Senator Root's power to assume the mantle of leadership.

CUNNINGHAM ON
WITNESS STAND

TELLS HOW HE CAME ACROSS THE COAL LANDS.

Hearing at Cleveland and Cunningham on Stand When Adjournment Was Taken.

STAKED THIRTY-THREE CLAIMS

Cleveland, March 11.—For the first time since the government coal lands investigation began, Clarence Cunningham, who made the original survey on which the Alaskan coal land claims are based, appeared as a witness. Cunningham was called by the attorney for 33 claimants in the inquiry which has been opened here by United States Commissioner McGee.

Cunningham's testimony was not concluded when adjournment was taken. The primary reason, which Cunningham said, attracted him to Alaska, was the report of the finding of oil wells there in the fall of 1902. After weeks of travel with Indians through the mountains and across a desolate, snow bound wilderness, he reached a country where there were virgin coal seams, 15 feet in breadth and apparently inexhaustible in extent. Several poor white squatters agreed to sell their rights for \$300 a piece.

Cunningham returned to Spokane and interested nine men in the discovery. Each man paid \$500 for the initial expenses of locating claims. He returned to Alaska with an engineer and staked out 22 claims which he filed with the patent office at Kayak. Some of the persons in whose names he entered the claims refused to go further in the matter and others were substituted. Finally 33 entries were made.

The earlier part of the session was taken up with an examination of Henry E. Wick, of Youngstown, O., one of the extrants. He denied that he ever entered into a combination with other extrants or with the Guggenheim interests.

TO THE PUBLIC.

I desire to say that when I took the agency for ZEMO, it was after a thorough investigation as to the merit and curative properties of this remedy for eczema, pimples and dandruff. I frankly admit, ZEMO has far exceeded my expectations as a cure for skin diseases. I am pleased to state that I shall continue the agency as ZEMO gives the best satisfaction of any similar remedy I have ever sold. My customers like ZEMO because it is a clean, vegetable liquid for external use. ZEMO cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clean and healthy. It does not soil the clothing or linens and can be used freely on infants.

We will give a booklet on skin diseases and explain to any person how they can be cured at home of any form of skin or scalp disease by this clean, scientific preparation.
